

# AIDKA DIRT FROM THE DESK

We want to take a few moments to remind everyone in our sport of the responsibilities associated with participating in AIDKA race meetings and in particular, supervision of children. There have been several instances during events where young persons have been playing together or alone without supervision. Unfortunately, this has led to situations where inappropriate comments and/or actions were made by others. To prevent such incidents, we ask that parents and guardians always take full responsibility for supervising their children at all times during race meetings. Race meetings are exciting but inherently dangerous environments. It is crucial that parents and guardians know the

whereabouts of their children at all times to ensure their safety. Our race officials and volunteers are there to manage and run the event and ensure the smooth running of the races. They are not responsible for providing child-minding services. The safety and well-being of your children are your responsibility, and it is vital to keep them within sight and safe from potential hazards around the track. AIDKA race meetings regularly attract large numbers of people, creating a enjoyable and busy atmosphere. However, this also means that it is easy for unsupervised children to become involved in inappropriate activities. By taking an active role in supervising your children, you are contributing to a safer and more enjoyable environment for everyone.

We are asking for expressions of interest from competitors who wish to attend the **2025 Queensland Dirt Kart Title**. At this stage it is proposed to be held in July 2025. This data will help Weipa Dirt Karts, and AIDKA assess the viability of planning the event.

Responding to this survey is not a commitment to attend the title, but purely an expression of interest. Accurate responses are appreciated and encouraged.

Please complete a separate survey for each AIDKA Licensed Competitor.

The Survey will be distributed to all members via the AIDKA App. We encourage all members to take part in the Survey.
